

## MOBILITY FOR AFRICA

 Zimbabwe | 
  e-Mobility | 
  US\$350,000

### Green mobility solutions for women, smallholder farmers and businesses

Mobility for Africa provides green mobility solutions to rural communities using electric tricycles powered with renewable energy. Through funding from REACT SSA, Mobility for Africa will scale up the sale of tricycles to small businesses which will go a long way in improving agricultural value chains in rural Zimbabwe and reducing drudgery for women.

### Expected Impact

-  6,500 tricycles sold.
-  5,500 households reached.
-  2,200 SMEs benefiting.
-  27,500 people reached.
