### Providing solar pumps to smallholder farmers

BUY US Solar provides solar equipment such as solar panels, solar batteries, charge controllers, solar pumps and other solar accessories. The company also provides solar photovoltaic equipment installation and training services. Through REACT SSA funding, BUY US Solar is distributing irrigation pumps to smallholder farmers in rural Burkina Faso.

### Expected Impact

**1,690** solar irrigation pumps distributed.

**0.454MW** of clean power installed.

**22,680** smallholder farmers reached.

**14** direct jobs created.

**113,400** people reached.
