Promoting the use of bioethanol for stoves and motorcycles

Africa Diamond Business SARL is a bioenergy producer which distributes butane gas to households in Bamako, the capital city of Mali. Through REACT SSA, Africa Diamond Business SARL intends to produce ethanol stoves and popularize the use of bioethanol in motorcycles in Mali's peri-urban and rural areas by setting up an ethanol production factory and developing a stove assembly plant.

Expected Impact

43,500 households reached.

43,500 stoves distributed.

217,500 people impacted

3 million litres of ethanol sold.

4086 SMEs supported.
