Establishing a solar appliance manufacturing plant in Ethiopia

Fosera Manufacturing PLC assembles and distributes affordable solar lighting products to off-grid areas of Amhara, SNNP and Oromia regions. It carries out distribution of its products through retailers, SMEs, and Cooperatives. Through REACT SSA, Fosera is building a solar light/appliance manufacturing plant in Ethiopia making solar products cheaper.

Expected Impact

-  74,995 households reached.
-  210 SMEs reached.
-  59 direct jobs created.
-  374,975 people reached.
