

GREEN CITIES INC.

Liberia

Water Segregation
and Recycling

US\$400,000

Liberia's first e-waste program

Green Cities Inc. is a social enterprise that carries out waste collection and sorting, buying and selling of recyclables, organic waste recycling, plastic and paper recycling, and electronic refurbishing and recycling. Through REACT SSA, Green Cities Inc. is setting up Liberia's first modern e-waste facility, reducing the volume of e-waste in Liberia while creating awareness on e-waste disposal in Monrovia, the country's capital city.

Expected Impact

-  22 direct jobs created.
-  2524 households reached.
-  12 SMEs benefitting.
-  6,119t CO₂e avoided.
-  12,620 people reached.
